Please note that in terms of the National Energy Regulator Act, 2004 (Act No. 40 of 2004), the National Energy Regulator is entrusted to perform all the functions that the National Electricity Regulator used to perform, and amongst others, to review and approve tariff increase proposals by all licensed distributors of electricity in South Africa. Implementation of tariffs without approval of the Energy Regulator is a contravention of the license conditions issued to you.

It is therefore important that provision is made in your planning / budgeting cycle to allow time for the submission of applications for future changes or increases to NERSA for consideration.

Should you have any enquiries please do not hesitate to contact Mr Thabo Tshabalala in the Electricity Pricing and Tariffs Department on (012) 401 4725 or email: thabo.tshabalala@nersa.org.za.

Yours Sincerely,

Advocate Nomalanga Sithole
